Looks like we'll have CIM's permission to place our banner at the SEC of La Tijera and Sepulveda Eastway. Can you send me a graphic and the dimensions? Thanks.

Donald,

I have no problem if you hang the farmers market sign on the fence on Sundays. I think posting the sign on the fence will show our commitment to the community. I have included George Atkinson, the general contractor for the project who is renting the fence. By any chance do you have an image of the sign that you can share? Also, what are the dimensions of the sign?

George, can you please coordinate with Donald on a place to hang the sign? He will only have the sign on the fence on Sundays.

Mario

Good Morning Mario...

We'd like to hang a little banner on your construction fence on Sunday mornings in order to direct customers to the Sunday Westchester Farmers' Market, which is on 87th Street, just a block down Sepulveda Eastway from your project site. The banner will be removed that afternoon. (The SWFM, by the way, is intended to very much be a shopping resource for your new tenants. Hurry up with the move-ins; we need the customers!)

If "permission" were "problematic," perhaps you'd be more comfortable saying: "we don't mind your short-term temporary use of our construction fence, so long as you comply with all City requirements." We could make that work.

Thanks for your consideration, Mario. Let me know how we can assist you.

Good Morning Oliver...

We worked together getting the Weststchester project approved, I'm the Executive Director of the Westchester Town Center BID. We are so looking forward to CIM being a new member of our business community.

I'm writing about a Sunday Farmers' Market that the BID sponsors on 87th Street, just down Sepulveda Eastway from your project site. We'd like to be able to post a small banner on your construction fence for a few hours every Sunday in order to direct customers to the market. (The SWFM, by the way, is intended to very much be a shopping resource for your new tenants. Hurry up with the move-ins; we need the customers!)

If "permission" were "problematic," perhaps you'd be more comfortable saying: "we don't mind your short-term temporary use of our construction fence, so long as you comply with all City requirements." We could make that work.

Thanks for your consideration, Oliver. We look forward to working closely in the future.
